Key Features & Benefits

weldmax

- 3metre articulated self-supporting arm (160mm Ø) with extractor hood and multi-directional damper.
- Robust fabricated steel fume system with pivoting castors and handles.
- Digital control panel which provide all functioning info to the user and signals any malfunction and filter clogging.
- High efficiency centrifugal electric fan placed downstream the filtering section in a special sound-proof housing.
- MADE IN ITALY 

			 Input Voltage (1ph) 230V 50Hz
 Extraction capacity 1480m ³ /h	 Motor Power: 1,1 Watt Motor Type: DC Brushless		
 130/ 105 kg Total weight	 Dimensions (L x H x P mm) 600x800x1200 mm (without arm) 1200X1050X800 mm	 Noise Level <=70 dBA	
 Hose: Rigid ARMOTECH 160/3 Ø - 160me 3000m	 Filter: (Light-Medium Duty Cycle) Efficiency: 99.5%	 Airflow 2500m ³ /h	

What's included the box

Welding fume extraction with medium-low concentrations of pollutants in closed environments or facilities being difficult to reach with normal fume extraction systems.

- Weldmax Fume Extraction Mobile H/D
- 3 meters articulated arm (Ø 160mm)
- Owner's manual
- 3 year warranty
- Lifetime product support

weldmax

is all about high quality and lean manufacturing which is now a premium name in the welding industry – and you can be guaranteed that we care the most.

With the recent inverter additions and enhancements to the product line up, Weldmax now has products suited to a wide field of uses starting from welding in the garage to heavy boiler making and structural steel, stainless manufacturing, aluminium fabrication & boat building.
