

The logo for Weldmax, featuring the word "weldmax" in a white, italicized, sans-serif font with a red outline, set against a red, rounded rectangular background.

*weldmax*

# ***WELDING AUTOMATION EQUIPMENT***

Rotators, rollers, positioning tools  
and oscillation equipment for  
welders

[www.weldmax.com.au](http://www.weldmax.com.au)

# Key Features & Benefits

- Horizontal load - 100kg
- Vertical load - 50kg
- Rotation speed 0.5-5 rpm
- Tilting range 0- 90 deg
- Table Dia 400mm
- Table center hole 45mm

Table Height (Horizontal)	503mm	602mm	755mm	910mm
MADE IN ITALY				

- Easy to set up a small welding center equipped with quick chuck, torch holder and roller supports.
- DC infinitely variable speed control system.
- Time relay is equipped for auto welding.
- High frequency protection on electric box.
- Compact and robust design, easy to operate.
